Bring all your information together in one system, one place

## WHAT IS THE PROBLEM?

Your information is in so many places. It's hiding in spreadsheets, paper forms in filing cabinets, and that one computer program you use for that one thing. Your staff spends so much time searching for data, reentering information and completing the same tasks. If only there was just one place for case reports, parking tickets, digital evidence and property records. You're tired of digging through multiple, inaccurate records and using third-party software to pull the data from your RMS to run reports.

## WHAT IS THE SOLUTION?

CentralSquare Records Pro gives you the power to carry out your mission critical and business technology needs with one, fully integrated system that shares a centralized database with your CAD, Records, Mobile and Jail software. You enter data into your system just once and access it wherever and whenever you need it. Built-in reporting capabilities, plus the ability to create custom forms, dashboards, and modules let you build the system to work the way you need it to.

### **ONE STOP SHOP**

Data is linked and searchable across CAD, Records, Jail, and Mobile with one unified database

### **USER FRIENDLY**

Get users up and running quickly with less training in a familiar workflow interface

### **STREAMLINE AND CUSTOMIZE**

Configure your system to meet your needs with custom forms, modules, and fields

### **ELIMINATE PAPER**

Make your forms part of your searchable database, linked to your records system

### **UNIQUE PERMISSIONS**

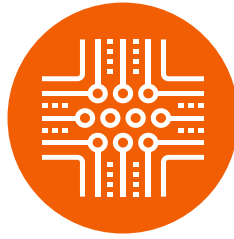

Allow access to only the data staff members need based on roles or responsibilities

# CUSTOMER GAINS

## ENTER LESS DATA

Get more accurate data with less re-entry with a shared database across your system.

## LATEST TECHNOLOGY

Your system has the latest advancements so there's no need to update or replace

## ORGANIZED DATA

Everything you need is easy to find—accident reports, warrants, cases, citations, permits, and more

## ONE SHARED DATABASE BRINGS EFFICIENCIES TO YOUR AGENCY

### BETTER USE OF EMPLOYEE TIME

"With Records, we don't have to scan as much paperwork because most forms are within the system"

### FROM THREE COMPUTER SYSTEMS TO JUST ONE

"Everything is in one database and easy to use"

### SAVING 30 MINUTES A DAY SEARCHING RECORDS

"The search engine helps us find what we need much quicker, saving at least 30 minutes a day"
